

## **User Manual - GAD 151.3 RPG Demo**

In this game, you are pitted against enemy after enemy in an arena, to fight until you are finally overcome. How long can you last against the overwhelming hordes?

### **Installation**

- Unzip GAD151.3 into a Directory
- Open GAD151.3.exe
- Select your video settings
- Click Play to begin

### **How to play**

#### **Controls -**

Controls are all mouse based. Click an item in the various command menus to perform an action. Selectable Commands will have an arrow next to them when the mouse is over the command.

#### **Menu:**

- Start Game: Starts the game when clicked
- Quit: Quits the Application
- Credits: View Credits (Click the links in blue to go to the credits sources!)

#### **When in Combat:**

- Fight: Attacks the current Enemy
- Item: Use a Healing herb to heal the player's HP
- Flee: Flee from the current battle, and find another

After defeating an Enemy, the player enters the Shop:

- Healing Herb: Purchase a Healing Herb for 50GP
- Exit Shop: Exits the shop and returns to combat

If the player runs out of HP, it's game over!

- Restart: Restarts the game

- Quit: Quits the Application
